Hose Compay #2

Two FF Flat Ladder Raise & Halyard Tie Off

NFPA 1001 (2013) - 5.3.6

NYS FF SKILL 12-I-8 & 12-I-17

Name/Badge: _____ Co: _____ Evaluation Type: _____

Instructor/Badge: _____ Instructors Signature: _____ Date: _____

Equipment needed: 24' Extension Ladder, 2 FF's in appropriate PPE

Description: FF's will demonstrate how to raise an extension ladder from the ground in the flat position and tie the halyard off

Skill For **Both** Interior and Exterior Firefighters

NO YES

Has the FF's placed the ladder flat on the ground with the butt end towards the structure and approximately 1/4 the usable height from the building		
Has FF #2 checked for overhead obstructions and wires, lifted the tip of the ladder stepping under the beam and grasping the top rung		
Has the FF#1 footed the ladder by standing on the bottom rung or by placing the toes or instep on the beam and leaned back		
Has FF #2 advanced hand over hand down the rungs towards the butt end until the ladder is in the vertical position		
Has FF #1 Grasp successively higher rungs or higher on the beam as the ladder comes to the vertical position until standing upright		
Has both FF's standing opposite sides of the ladder and heel the ladder by placing toes against the same beam		
Has FF # 2 Grasped the beams, ensuring fingers and hands are outside the beams		
Has FF #1 untied the grasped the halyard, extended the fly section with a hand over hand motion until the tip reaches the desired elevation and engages ladder locks		
Has both FF's lowered the ladder gently into position against building		
Has FF #2 placed both feet against the butt spurs or on the bottom rung, grasped the the rung or beam and checked proper climbing angle		
Has FF #1 wrapped the excess halyard around two convenient rungs and pulled tight, holding halyard between the thumbs and forefingers with palm down, turned the palm hand up, pushed the halyard underneath and back over the top rung, grasped the halyard with thumbs and fingers and pull it through the loop making a clove hitch		
Has FF #1 finished by making a half hitch or overhand safety on top of clove hitch Has Both FF's lowered the ladder, reversing the raising procedures		
Has Firefighter Displayed Competency on 2 FF Flat Raise and Halyard tie off
